1/11 - 1/23 - Winter MAP Testing

2/3 - No School

2/14 - Valentine's Day exchange

3/4 - 3/17 - CAC Unit!

*More info to come soon

Notes from the teacher:

- ✓ Continue to practice tying shoes at home!!
- ✓ Try going on IXL, Xtramath and Grammaropolis this week! The more practice, the better!
- ✓ Get out those addition and subtraction flash cards and practice at home when you can. (You can find them at the \$1 Store or \$1 section at Target!)
- ✓ CAC is right another the corner. I will be sending home a volunteer sheet soon. If you know for sure that you will have time, shoot me an email with the days and times you can come to school.
- ✓ February 14th is Valentine's Day. Students will be able to bring Valentines (and a treat if they please) for the class. We have 27 students total in our room. They will not be able to bring Valentines to other rooms.

This Week In....

***Math** - We will work on subtraction and subtraction word problems. Using the math strategies, "act it out" and "draw a picture".

***Reading** - We will be continue to focus on what we see in our sky. What do we see during the day? At night? We will focus on the skills of sequencing and visualizing. Continue to review sight words at home.

***Science** - We will begin learning about our Earth's resources. We will be comparing and contrasting rocks.

***S.S.** - We are taking a closer look at our 7 continents. We will explore the oceans on our Earth. We will begin to look at the many different languages and religions that make our cultures so unique.

Sight Words:

a, the, see, we, to, and,
like, I, come, me, with, my,
you, what, are, now
